Results Summary, Arizona QSO Party 2010

Arizona amateur radio operators worked the world the weekend of October 9-10, 2010, second year of the Arizona QSO Party. While logs received were 17 fewer than 2009 (117 vs 134), there were many positives that made the 2010 AZQP stand out. Participation in the US Multi-Op and Canada categories were up from last year. Arizona Mobiles took a hit as the separate Arizona County Expedition categories were added. All 15 Arizona counties were represented, allowing several operators to achieve the [Arizona Worked All Counties Award](#) in a weekend, congratulations to KØJPL, K4BAI, K4MIA, KE7DX, N4JF, N6MU, W6RA and WA6KHK.

Taking a look at the QSO totals by mode and band, there were TRIPLE the number of Digital QSOs this year over last year. We want to continue to promote the Digital Modes, an important growth area in Ham Radio. SSB QSOs also rose over last year, with slightly less CW QSOs than last year.

An ARRL Affiliated Special Services Club

By far the most popular band of operation was 20m, followed by 40m, 15m and 80m. While 15m QSOs tripled this year over last, 10m had half the QSOs of last year. With the recent sunspot activity, 15m and 10m should be more productive for 2011. Top Band (160m) was not a valid band this year, that will change for 2011 (more on that later). 6m and 2m QSOs both down in 2010. We will be providing some incentive to Arizona operators to talk to the folks next door, as well as down the street, for 2011.

Paper logs were down this year, from 15 to 11.

RESULTS, US, Canada and DX

The Single Op High Power category was won by Frank, WA6KHK. John, N6MU for the second year took the Single Op Low Power category. QRP was led by Jerry, N4JF, and the Club competition went to the Tennessee Contest Group. Of the two Multi Op entries, K4MIA took the top spot.

Greg, VA3GKO, takes the Canada Single Op category for the second year, and Michel, OM3DX wins in the DX category.

RESULTS, Arizona

For the second year, Dave, K6LL, took Single Op High Power honors operating as K7L, and Single Op Low Power went to Andy, KK7AC. The Single Op QRP category was taken by Craig, NØEQ.

The pair of K8IA and N7RQ once again took the Multi-Op category operating as N7AT. The MultiOp QRP award, sponsored by the Arizona ScQRPIons, went unclaimed as there were no entries in the category. Consider it an opportunity for 2011!

The new Arizona County Expedition categories were a hit, Dan, K7IA taking Single Op honors and Jeff, W7SVD winning the MultiOp category. Guff, KS5A operated from six Arizona counties to take the Arizona Mobile award. The Arizona Outlaws Contest Club once again took the Top Club award.

THANK YOU!

Many thanks to all participants, contest sponsor Catalina Radio Club, and the many award sponsors! It was a great weekend, and would have been very different without all of your help!

SURVEY SAYS!

Shortly after the running of the 2010 Arizona QSO Party, a survey was sent out to all participants. A few of the results are shown here.

5. Sunday has a 7am MST start time, in order to keep a 24 hour total contest period.

[Create Chart](#) [Download](#)

		Response Percent	Response Count
I like the 24 hour contest period		75.0%	42
I'd prefer a 22 hour contest period		1.8%	1
I'd prefer a 20 hour contest period		23.2%	13

7. Plaque Awards are not currently given to CW Only and Digital Only modes. Should we expand our awards program?

[Create Chart](#) [Download](#)

		Response Percent	Response Count
Yes		63.0%	34
Yes, and I/we can help sponsor one or more plaques		9.3%	5
No		27.8%	15

8. Current Exchange for the AZQP includes the RS(T). Many have suggested that 59(9) is meaningless as a crosscheck and have suggested other alternatives.

[Create Chart](#) [Download](#)

		Response Percent	Response Count
Change from RST to serial number (like PAQP)		23.2%	13
Change from RST to Operator Name (like NAQP)		16.1%	9
Change from RST to both serial number AND Operator Name		3.6%	2
Keep the RST		48.2%	27
Other		8.9%	5

1. The Arizona QSO Party is currently held the second full weekend in October, the weekend AFTER the California QSO Party. It runs concurrently most years with the Pennsylvania QSO Party. [Create Chart](#) [Download](#)

		Response Percent	Response Count
It's a good time of year in Arizona. Leave it where it is.		36.7%	11
Move it to February for 2011, in anticipation of the Arizona Statehood Centennial in 2012.		63.3%	19

2011 Arizona Statehood QSO Party

The Arizona Statehood QSO Party will be the weekend of October 8-9, 2011. Based on the survey results and other input, we are considering some rule changes and new awards, and request your input and support within the next couple of months.

Rule Changes under consideration:

- Catalina Radio Club is pleased to announce that the 2011 and 2012 Arizona QSO Parties have been sanctioned by the Arizona Centennial Commission as official Arizona Centennial events! For more information on Arizona's Centennial, please visit www.arizona100.org.
- In general, we will be moving to a serial number + C/S/P/Country exchange. However, for this year and next, Arizona stations will be sending a special "serial number". More to come!
- The Arizona Centennial Commission has approved our dates of Oct 8-9, 2011 and Oct 13-14, 2012. As such, they will be held as planned. We are open to supporting a 2/14/12 single day special event or contest. Ideas wanted!
- We will be opening the Arizona counties as multipliers for Arizona stations. We will also consider multipliers by band, instead of once only.

Please submit any comments by email to info@azqsoparty.org. Looking forward to seeing you in the 2011 Arizona Statehood QSO Party!
