Results Summary, Arizona QSO Party 2009

ARRL declared 2009 as the “Year of the State QSO Party”, and so we decided to have one right here in Arizona! While old-timers say that we’ve done this before, certainly it’s been a long time since Arizona had its very own QSO Party. There was an increase of RF in the atmosphere above Arizona the weekend of October 10-11, 2009, as Arizona hams reached out to communicate with the world.

134 logs were submitted in the 2009 Arizona QSO Party, from 13 of the 15 Arizona Counties, 34 States, 4 Canadian Provinces and the DX entities of Germany, Lithuania, Menorca, Netherlands, Poland, Romania, Russia, Serbia and Sweden. La Paz and Yavapai counties were the missing Arizona Counties. While 7 hams worked 14 Arizona Counties, only Bob, WØBH, worked all 15 counties. Bob will be automatically submitted for the [Worked All Arizona Counties Award](http://www.w7yrc.org/az-wac.htm) (more info on this award available at <http://www.w7yrc.org/az-wac.htm>). The level of DX participation in this first year contest was impressive!

Arizona Mobile Operator Jim, KS7S/M, operated from 9 counties during the contest! Thanks, Jim! Three Radio Society of Tucson operators worked from the Pima/Pinal County Line. Thanks to AK7AR, KB7ZZY and KY7K!

Let's take a look at the QSO totals by mode and band. While there were only 134 Digital Mode QSOs, the Digital Mode is an important growth area in Ham Radio and we do want to continue to promote the Digital Modes. The most popular digital mode was PSK31, with some RTTY mixed in. By far the most popular band of operation was 20m, followed by 40m and 80m. With the extended sunspot low, it was no surprise that 15m and above were less productive. Top Band (160m) yielded only 5 QSOs by one operator.

Gary, KE7DX, presents N7AT and Arizona Outlaws Contest Club plaques to Sandy, N7RQ and Bob, K8IA, at the March meeting of the Radio Society of Tucson.

RESULTS, US, Canada and DX

The Single Op High Power category was won by Bob, W0BH, by a large margin. John, N6MU took the Single Op Low Power category. QRP was led by Julius, N2WN, and the Club competition went to the Tennessee Contest Group. There were no Multi Op entries from outside Arizona.

Greg, VA3GKO, takes the Canada Single Op category, and Andy, SP5SA beats out Andreas, DL3GA by 4 Qs in the DX category.

RESULTS, Arizona

Dave, K6LL, took Single Op High Power honors operating as K7L. Single Op Low Power went to Andy, KK7AC, and the Single Op QRP category was taken by the only QRP entrant, Paul, N6MA/7. Arizona ScQRPions, where were you?

The pair of K8IA and N7RQ took the Multi-Op category operating as N7AT. Mobile and Portable operators were combined into the Mobile Category this year, and Dan, K7IA/M operated portable from the Chiricahua Mountains in Cochise County to lead the category. The Arizona Outlaws Contest Club took the Top Club award.

THANK YOU!

Many thanks to all participants, contest sponsor Catalina Radio Club, and the many award sponsors! It was a great weekend, and would have been very different without all of your help!

2010 Arizona QSO Party

The Arizona QSO Party will be the weekend of October 9-10, 2010. We are considering a few rule changes and new awards, and request your input and support within the next couple of months. Rule Changes under consideration:

- Addition of a Portable Category, instead of combining them with the Mobiles. This is dependent on sponsorship of a couple of new Portable Category awards (Single & Multi Op).
- Based on lack of participation in the US Multi Op category, we are considering dropping the category.
- Based on lack of participation in the Arizona Mobile Multi Op category, we are considering dropping the category (but adding a Multi Op Portable category as explained above).
- Based on the low participation on 160m, at a sunspot low where Top Band participation should be at a maximum, we are considering eliminating 160m from the contest bands.

Please submit any comments by email to info@azqsoparty.org. See you in the 2010 Arizona QSO Party!
